Some items are considered dangerous, and are prohibited or restricted. See our Dangerous Goods guide for more information. Please ensure that all articles are safe to send.

**Is the article allowed in the selected destination?**  
Country specific regulations define what may be sent and how it may be sent. Please ensure that the contents of all articles are acceptable in the destination country.

**Is the article packed securely?**  
Use Australia Post's Packaging Guidelines.

**Is your mail addressed correctly?**  
Correct addressing and the inclusion of a postcode will help ensure an article reaches its destination on time. Always include a return address.

Different countries have different rules about valuable items. Check to make sure valuables are sent correctly. For added peace of mind, consider Extra Cover (formerly Insurance) for valuable items. Some countries will only accept valuable items if they have Extra Cover (formerly Insurance).

**Does the article require a customs form?**  
The right customs form must be attached to all articles. Any item which does not have the required customs form will be returned to sender. Use the

guide above to check which form your article requires. All forms are available at Australia Post outlets.

**Is the size and weight of the article acceptable?**  
There are size and weight limits for international articles, which may depend on the destination country, or the service used.
